

The Spatz logo is a white script font with a stylized bird icon integrated into the letter 'z', set against a red pennant-shaped background.

Wigwam 5 BTC

A large, tan-colored, asymmetrical tipi tent is pitched on a grassy hillside. In the foreground, a smaller, similar tent is visible. A person in a green jacket and blue pants stands on the grass, looking towards a range of rugged, snow-dusted mountains under a clear sky. The tent has a small red pennant logo near its base.

The WIGWAM 5 BTC is a special tipi tent because its pole is not in the middle of the sleeping cabin. Thanks to its asymmetrical design, it offers plenty of sleeping space for a family of 2 adults and 3 children and a spacious vestibule. It offers excellent ventilation and breathability with astonishing robustness.
